Membership fees above exclude VAT

**GROSS ANNUAL INCOME means TOTAL TURNOVER i.e. relevant UK and overseas earnings of the member, whether on behalf of itself and/or its subsidiary, associated and administered companies and writers. Relevant earnings include all fees, royalties, music hire and other income from music publishing activities BEFORE deduction of cost of sales and distribution to writers and other publishers. Figures should exclude retail sales if the company owns a retail outlet. In the case of a limited company, the figures should be based on the most recently audited set of accounts.*
